

The role of policy framework, standards & support tool for businesses to become climate-neutral

Date: 6 November 2021
14h30-15h30 CEST
Where: online

Do you want to know how standards, local business services and technology solutions are being used as powerful tools on businesses' path to net-zero? Then join EUROCHAMBRES, BusinessEurope and CEN-CENELEC at our joint hybrid event, organised in the framework of the #COP26, where we will elaborate on real-life challenges for organisations and businesses dealing with decarbonisation and what they need in order to deliver this goal.

Agenda
